MATICE S OZUBENÝM LÍMCEM DIN6923

HEXAGON NUT WITH FLANGE DIN6923

Popis:

Šestihranná matice s ozubeným límcem umožňuje montáž bez použití přidavných zajišťovacích prvků. Ozubený límec se při dotažení zaryje do podkladového materiálu a zabraňuje tak samovolnému povolování šroubového spoje.

Description:

Hexagon nut with flange allows mounting without the use of additional locking elements. The toothed collar is torn into the underlying material during tightening and prevents connection from being loosened.
