Description

- For mounting inserts on top-hat rails according to DIN EN 60715

General Characteristics

|                   |                                          |
|-------------------|------------------------------------------|
| Configuration     | Bottom part                              |
| Series            | Variable from H-B 6 to H-B 24            |
| Temperature Range | -40°C to +100°C, short-term up to +125°C |

Mechanical Characteristics

|                               |         |
|-------------------------------|---------|
| Cycle of mechanical operation | max. 50 |
|-------------------------------|---------|

Materials and Surfaces

|                                       |               |
|---------------------------------------|---------------|
| Material                              | Polycarbonate |
| Flammability Class according to UL 94 | V0            |

|                                                    |                                       |             |
