

SHS 35 cable holder for nail gun or screw 30590

CE 6/2022

Areas of application:

For the multiple carrying of up to 35 sheathed cables with Ø 10 mm. The SHS is designed for materials in which the plug-in technology does not work. By using a nail gun or a screw it can be easily fastened on metal or wood.

Installation Guide:

- Fasten the SHS by using a screw,
- Insert cable/s into the SHS,
- Close the locking tab of the SHS.
- If required a EC clamp can be attached directly to the SHS.

Product details:

Colour	light grey
Content box	100
Cable capacity	max. 35 NYM 3 x 1,5 mm ²

Product benefits/properties:

Even when installed, the SHS can be easily opened and closed again. This allows cables to be easily added and removed. There is the option to fit another SHS and the Schnabl EC Euro clip on to the SHS.

Technical data:

Material	PP, UV stabilised Temperature range: -10 °C up to +85 °C silicon-free Material tested according OVR R14 (LSFOH)
----------	---------------------------------------------------------------------------------------------------------------------------------

Weight per piece 18,00 g

GTIN (EAN) 

By using a nail gun or a screw the SHS can be easily fastened on metal or wood. The SHS forms a closed ring around the sheathed cables and can be re-opened using a handle.
