

TAP 2 Support anchor panel 33230

CE 3/2021

Areas of application:

For laying cable on surfaces such as metal, wood or plaster by simply screwing the TAP Support anchor panel to the surface, for holding the TA Support anchor and TB terrace bracket.

Installation Guide:

- Insert the TA with no tail through the middle hole of the TAP
- Screw or bolt the TAP to the surface
- Attach the TB to the TA
- Insert the rigid or flexible pipes, or cables
- Tighten the TB down with your thumb

Product details:

Colour	light grey
Content pack/box	100 / 9.000
Length x width mm	35 x 16

Mounting and usage instructions:

Before screwing, attach the TA support anchor to the TAP support anchor plate. The TB terrace bracket is affixed to the TA support anchor and the cables are mounted as usual. Use screws depending on the surface.

Product benefits/properties:

Enables the installation of cables onto metal and wood using the TA and TB.
